Online Training:

Artificial Intelligence and ChatGPT: How it is Impacting Law Enforcement Investigations
Artificial Intelligence Can Clone Your Voice in 3 Seconds

Date: November 2, 2023
Time: 12:00pm – 3:00pm (Eastern Time)
Registration Fee: $175

In November of 2022 ChatGPT was launched, giving many average internet users access to AI (Artificial Intelligence) for the first time. ChatGPT immediately grew and had widespread acceptance and success; however, it has also had received criticism from others. But most importantly it proved that AI had gone mainstream and was no longer limited to the rich and powerful, but could be accessed by the masses.
In this presentation the attendee will be introduced to ChatGPT, what it can do, and what it means for Law Enforcement.
Specifically, this presentation will cover:

What is AI? (Artificial Intelligence)

What is ChatGPT?
- How it works
- What it can do
- How it can be used
-
Other AI platforms

What types of devices can access ChatGPT and what types of artifacts can be discovered on them
- Computer
- Smartphone

Instructor:
Glenn Bard is a retired Pennsylvania State Trooper First Class and a U.S. Veteran of Operation Desert Storm. In 1999 Glenn began Computer Crime Investigations for the state police and has since investigated crimes across the United States ranging from Child Pornography to Criminal Homicide. Glenn has also conducted forensic examinations for city, state and federal Law Enforcement Agencies including the FBI, US Postal Inspectors, and I.C.E. as well as foreign governments.
Glenn has been certified as an expert in numerous states, the U.S. Virgin Islands and the United States Federal Court System in the areas of Digital Forensics, Cellular Technology and Computer Technology.

Glenn has been a speaker for organizations of all sizes and types, both public and private, to include the American Academy of Forensic Sciences, World Security Congress, and hundreds of law enforcement agencies, law firms and universities. Several of the cases Glenn has worked have received National coverage, to include Fox News, Dateline, the Associated Press, Yahoo!, the New York Times, and many more.

Glenn has received numerous awards during his military and police career, including Honorable Discharges from both the United States Army and the Pennsylvania State Police.

Glenn developed, created and implemented certifications for two forensic software companies used by agencies around the world.

Glenn is the Chief Technical officer for PATCtech, overseeing all Digital Forensic and Data Services. Glenn has acted as technical consultant and/or personally developed Computer Forensic Programs at multiple Colleges, to include Westmoreland County Community College where he was a faculty instructor prior to retiring.
